<div data-bbox="294 1054 854 1130"><p>CasePower Credit Card Booster provides emergency power for your mobile devices. Please read the manual before operation.</p></div> <div data-bbox="199 1161 955 1195"><p><b>Introduction</b></p></div> <div data-bbox="264 1205 909 1251"><p>Thank you for choosing the CasePower Credit Card Booster. This is a portable power bank with built-in micro USB connector to charge smartphones.</p></div> <div data-bbox="199 1302 955 1336"><p><b>Overview</b></p></div> <div data-bbox="269 1352 471 1471"><p>1. USB power output 2. Micro USB charge 3. LED indicator 4. ON/OFF switch (press to turn the device on/off)</p></div> <div data-bbox="524 1393 897 1810">A diagram of the back side of the CasePower credit card booster. It shows a rectangular device with a black top section containing four LEDs and a small switch. Arrows point to these features: 1 points to the USB power output, 2 points to the Micro USB charge port, 3 points to the LED indicator, and 4 points to the ON/OFF switch. The CasePower logo is visible at the bottom of the device.</div>	<div data-bbox="955 1054 1711 1088"><p><b>Specifications</b></p></div> <div data-bbox="1023 1094 1557 1356"><p>Compatibility: smartphones, tablets, iPhone, iPad and other digital products Input voltage: DC5V Output: DC5V/2.1A (max) Input: DC5V/1A (max) Capacity: 4000mAh Cell type: lithium polymer Cycle life: 500 times Weight: 135g Charging time: 4-6 hours Dimensions: 116x65x7.5mm Operating temperature: -10°C ~ +60°C</p></div> <div data-bbox="955 1417 1711 1451"><p><b>Charging Your Power Bank</b></p></div> <div data-bbox="1023 1473 1673 1544"><p>Connect your power bank via the included micro USB cable. You can charge your power bank using your computer or a third party USB charger. You can also use your iPad charger, which is the fastest method currently available</p></div>	<div data-bbox="1711 1054 2479 1088"><p><b>Charging your mobile devices</b></p></div> <div data-bbox="1764 1108 2424 1276"><p>Choose an appropriate connector or your original USB charging cable; connect one end to the power bank USB output and the other one to your mobile device. The LED indicator lights up BLUE; if the BLUE LED starts flashing or does not light up, then the power bank is empty and it is time to recharge. To stop charging, simply disconnect the power bank from your mobile device. (iPhone 5 users: please use the cable provided with your iPhone and connect the USB-cable to the CasePower Smart Power Booster and the 8-pin tip (Lightning) to your iPhone 5.)</p></div> <div data-bbox="1711 1332 2479 1366"><p><b>Safety Instructions</b></p></div> <div data-bbox="1764 1397 2411 1491"><p>Read all instructions and warnings prior to using this product. Improper use of this product may result in product damage, excess heat, toxic fumes or explosion; this is not covered by the warranty. Do not expose the battery to fire, extreme heat or high temperatures. Do not place battery in re or other excessively hot environment.</p></div> <div data-bbox="1764 1518 2419 1780"><p>Do not modify, disassemble, open, drop, crush, puncture or shred the product. In case of damage to the battery such as dents, punctures, tears, deformities or corrosion, please discontinue use and contact manufacturer or dispose of the device in an appropriate manner at your local battery recycling centre. Do not disassemble this battery or attempt to repair or modify it in any way. Do not expose this battery to moisture; do not submerge water or other liquid. Keep the battery dry at all times. Do not attempt to charge the battery using any method, apparatus or connection other than the USB connector. Do not attempt to replace any part of this battery. For extended storage, first charge your battery for one hour. Never dispose of batteries with the household waste. Disposal of batteries in the household waste is prohibited. Always return used batteries to your local battery recycling centre.</p></div>
